Science & Technology  
Facilities Council

# Win 6 months free R&D with the I-TAC Futures Challenge

Would your company benefit from up to six months free access to the cutting-edge R&D facilities and the world-class expertise of STFC available at I-TAC?

If you are a UK company or organisation conducting research and development in the biosciences, healthcare or energy sectors and in need of laboratory facilities, then you are eligible to enter our Innovations Futures challenge competition.

**1st prize:**

6 months access to your own dedicated I-TAC laboratory

**2nd prize:**

2 prizes of 2 months access to your own dedicated I-TAC laboratory

**Runners up prize:**

4 prizes of 1 month laboratory access

All winners will benefit from a tailored support package to enable them to access the technical and scientific expertise that STFC is renowned for

Before applying for this competition, you are strongly advised to visit I-TAC to find out more about the support, facilities and equipment available to enable you to identify how the Centre could help further your business.

For further information about the competition please contact I-TAC by phone on 01925 603141 or by email: [itac@stfc.ac.uk](mailto:itac@stfc.ac.uk)

The closing date for the challenge is the 30th November, terms and conditions apply. To enter the competition all you need to do is complete the application form on line at;
